7. _____

Review finances to date

SERC –.

2021 Planning-

ERP-Rewrite completed and submitted 10/20 was reviewed and approved by the SERC at their 12/20 meeting

2021 Exercise Norfolk Southern RR has contacted EMA regarding another TTX exercise in Columbiana County. This would be similar to the one held last spring. All in person training for 2020 has been suspended. They will re-evaluate in July of 2021. We will proceed with a planned VTTX/TTX to meet the FY21 requirement.

Office update All reports and planning on schedule. LEPC/SERC grant application was due on 2/1/2021. It has been submitted. Tier 2 reports have been received.

New Business This meeting was conducted virtually via Zoom

Training Update All in person trainings are on hold due to COVID restrictions. I have inquired with the State Fire Academy concerning any virtual awareness trainings. They will teach a virtual class, but would require students to travel to their office to test. Doesn't seem feasible for our volunteers. Will continue to explore options with other instructors for in person, later in the year. Chlorine training webinars shared with water treatment operators 4/29 & 7/27

Membership – LEPC membership applications will be sent out soon. We will have a deadline to apply in order to have completed, signed by commissioners and ready for August SERC meeting.

Other items of discussion for the Executive Board
